

SOCIAL SCIENCE. UNIT 1. WORKSHEET 1

1. Write: solid, liquid or gas:

				
solid	Liquid	Gas	Solid	Gas

Match the places where we can find water to its name.

oceans and seas rivers and streams lakes glaciers

Diagram showing connections between water bodies and their names:

- oceans and seas → Ocean wave
- glaciers → Glacier
- rivers and streams → River
- lakes → Lake

Match:

- Oceans and seas
- Glaciers
- Rivers
- Lakes

Fresh water

Salty water

Diagram showing connections between water types and their names:

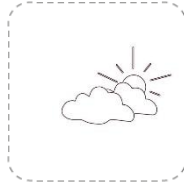

- Oceans and seas → Salty water
- Glaciers → Fresh water
- Rivers → Fresh water
- Lakes → Fresh water

SOCIAL SCIENCE. UNIT 1. WORKSHEET 2

1. Draw a symbol for the following types of weather.

sunny

partly cloudy

windy

rainy

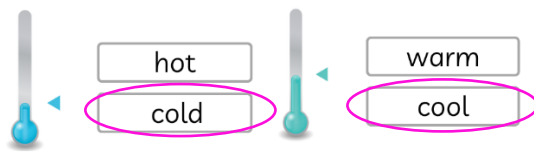

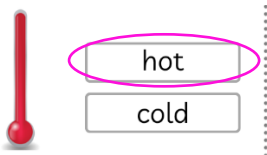

cloudy

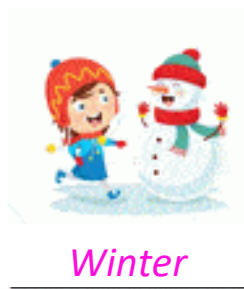

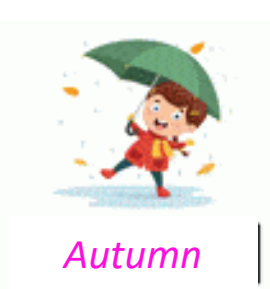

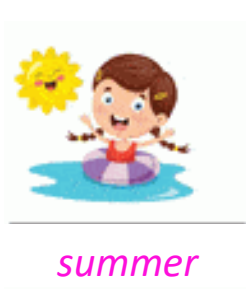

snowy

Circle the correct word:

2. Write the seasons and complete the sentences with the words from exercise 1.

Autumn	Winter	Spring	Summer
--------	--------	--------	--------

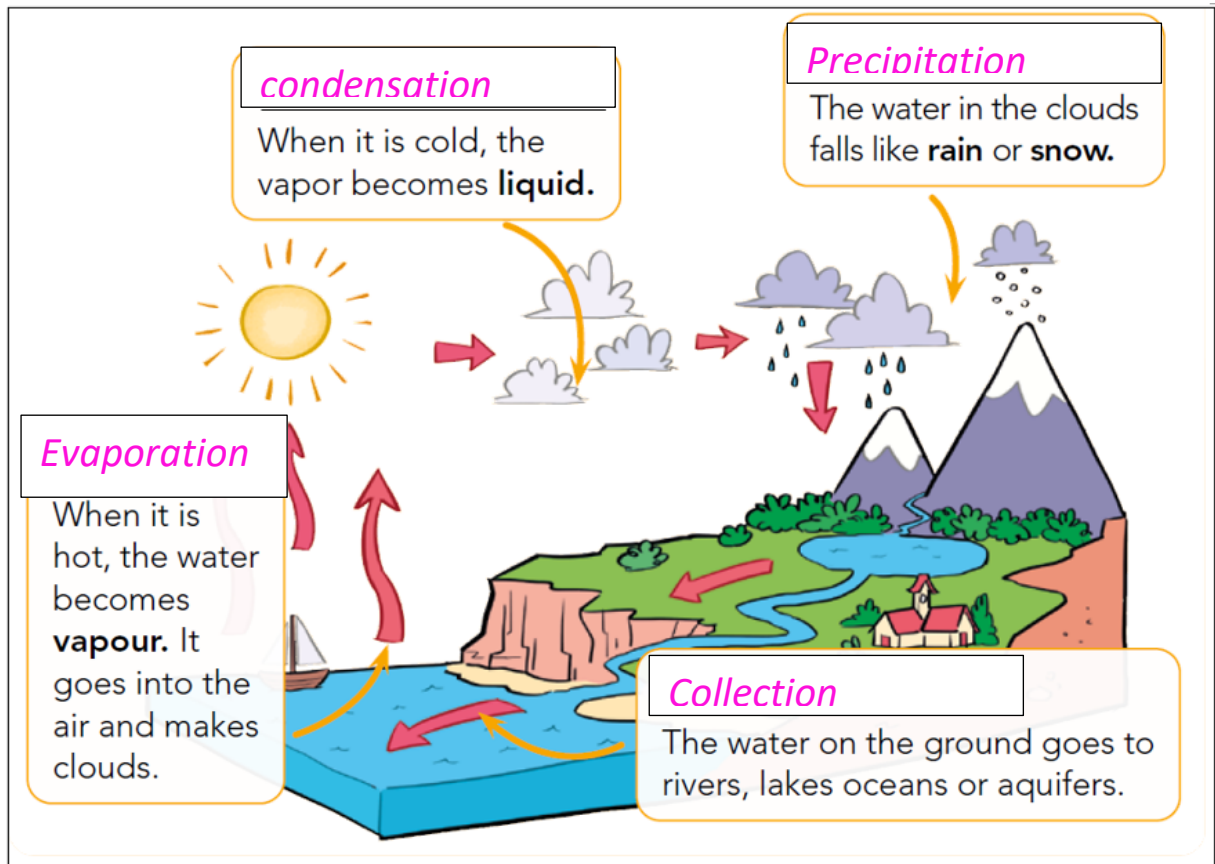

What's the weather like and the temperature in the different seasons?

- It is **sunny** and **hot** in **summer**.
- It's **rainy**, **windy** and **cool** in **autumn**.
- It's **snowy** and **cold** in **winter**.
- It's **sunny** and **warm** in **spring**.

SOCIAL SCIENCE. UNIT 1. WORKSHEET 3

1. Complete the names in the water cycle:

2. True or false? Write T or F in the box. Circle the mistake and rewrite the false sentences:

- Water from oceans is fresh water.
Water from oceans is salty water _____
- It is cold in summer.
It is hot in summer. _____
- Water pollution is dirty water and unsafe water.

- The thermometer measures the precipitation. (2 options)
1. The thermometer measures the **temperature**
2. The **rain gauge** measures precipitation

F

SOCIAL SCIENCE.UNIT 1. WORKSHEET 4

1. weather instruments:

Unscramble and label.

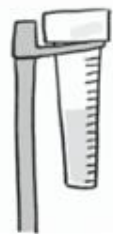

1 ndwi enav

2 momettherer

3 mometerane

4 ainr gaugeg

1

Wind vane

2

Thermometer

3

Anemometer

4

Rain gauge

Match the instruments and what they measure.

1 Rain gauge

a speed of the wind

2 Thermometer

b precipitation

3 Anemometer

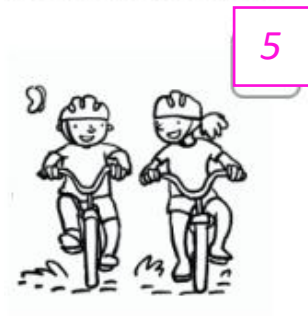

c direction of the wind

4 Wind vane

d temperature

Colour the things that harm nature and living organisms.

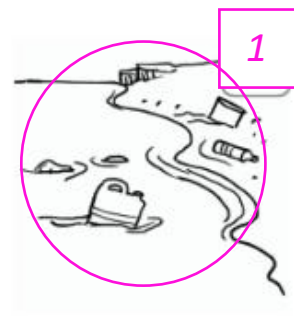

Label the pictures.

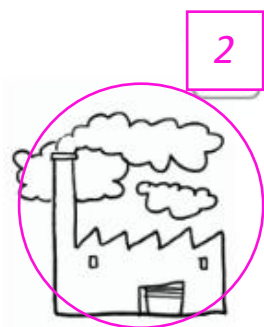

5

3

1

2

4

1 ground and water contamination

2 air pollution

3 cutting down trees

4 overusing petrol and carbon

5 riding bicycles
