MY FAVOURITE HOBBY!

Hello, everyone!

My name is Lucy and I am eight years old. Today, I'm going to talk about my favourite hobby!

My favourite hobby is swimming. I love swimming because it is fun and exciting!

I go swimming twice a week, on Tuesdays and Saturdays. On Tuesdays, I go after school with my friends. On Saturdays, I go with my dad.

I go to the swimming pool near my house. Before swimming, I put on my swimming cap and goggles.

Then, I get into the water!

In my swimming class, I practise moving my arms and legs. I always listen to my teacher. I often swim with my friends, and sometimes we play games in the water.

My favourite game is playing with a ball in the swimming pool. It's really fun!

After swimming, I feel happy and a little tired.

I love swimming because I have fun and learn new things every week!

Thank you for listening!
